Report of Work done by IQAC

The Internal Quality Assurance Cell (IQAC) was established on 18 March 2023 although this cell was established in 2023, the college implements various activities plans every year to preserve its quality. prior to that quality initiatives were taken care of the Academic Planning in consultation with CDC. Process Adopted by the IQAC of College IQAC functions actively in improving the quality of education, teaching learning process and learning outcomes.

- ✓ IQAC aims to continually increase admissions. To maintain clarity and focus on college activities for quality improvement through a variety of means, including student diversity, teacher quality, teaching methodologies, and outcome-based education.
- ✓ Result analysis and active grievance. Readdressal Cell Extension activities, such as FDP, are strengthened. IQAC is continually seeking new collaborations and partnerships with various organizations. Updating infrastructure facilities, such as physical facilities, ICT facilities, and library facilities, with ICT integration.
- ✓ To strengthen student support system, college encourage student council activities including sports and cultural continuously practice decentralized and participative governance with faculty performance evaluation through self-appraisal forms and confidential reports.
- ✓ Expressing strong concern for environmental actions such as rain harvesting water, plastic ban, waste management, paper saving, and energy efficiency, Cleaning Campaign, tree plantation.

The IQAC has taken initiatives to enhance quality development of Teacher Educator, students, and non-teaching staff of the college with the teacher training programmes. The IQAC of the institute is involved in framing the quality policies for teaching-learning, research, finance, curriculum implementation, student activities and progression, infrastructure & learning resources, innovation, institution values and best practices. The process requires a self-regulated assessment of teaching-learning processes and systematic management of documents.

In addition to the above IQAC initiates Co-ordination of seminars, workshops, FDPs. Expert Sessions by Expert Teacher Educators, IQAC contributes monitors & evaluates the Teaching & Learning Process, feedback from the stakeholders-students, staff and alumni. IQAC gives suggestions for improvement which are reported to the College Develop Committee.
